All TRUXPO 2008 exhibitors are invited to submit a description of their products and services to be included in a FREE listing in the Show Guide. This is an important tool for promoting your booth and company during and after the show. Please write your description carefully as it will not be edited by the Show Guide publishers. Descriptions are due to TRUXPO no later than August 8, 2008. Descriptions received after this date may not be included in the Show Guide.

If a listing is not received from your company, we will include the name, address, and phone and fax numbers that were provided on your TRUXPO 2008 booth space registration form.
